PREZ SEZ

The days are getting longer and warmer and I, probably like many of you, am experiencing “camping fever.” After dusting off the camping gear, I got in my first campout of the season, just an overnigher to Chippokes Plantation State Park in Surry, Virginia. For those of you who have not been there, it has everything you need for a getaway - a place to camp, have a campfire, trails to walk including a long stretch of beachy riverfront to stroll on. Some people even find shark teeth on the shore! Plus, during the warmer weather the pool and snack bar are open.

Traveling around the country and the world is exciting and something I love to do, but there are a number of great places within an hour or two of our homes that are worth exploring or re-visiting. One of my goals is to see that our activity schedule has a lot more local weekend events to choose from on a regular basis. Do you have a favorite place to hike, bike or camp that's not far away? Let me know!

One place that's worth the few hours' drive to get there is Sherando Lake Recreation Area - the location of our campout for both the Spring Walk Thru and our Spring Maintenance Weekend. The setting is picturesque - in the forest, near a pretty lake, beside a clear stream, plus so many trails to hike! Add to that old and new friends from the club, satisfaction from a job well done on the trail, some good food, and you have the making of a great weekend.

On a final note, I would like to thank all of the members of the Board of Directors for stepping up once again to give their time and talent to the club. Also thanks to Phyllis Neumann and Ellis Malabad who served previously but have returned to the board in new roles; thanks to newcomers Douglas Cary for taking the role of treasurer, to Bill Bunch who has joined the board to fill in as successor counselor, and to Jim Moir who joins the land management team. Thanks to Juliet Stephenson and Mike Wilson who left as president and vice president, respectively, but will still be involved but in other roles. And thanks to Mark Wenger, departing treasurer and to Bob Mooney for his service as counselor. Our club is richer for their involvement and I hope you'll all join me in saying “Thanks!”

Minute For Maintenance

As we approach our usual 5½-month trail maintenance season, it is always a pleasure to have outsiders join the cause. This time, approximately 15-20 Girl Scouts will be with us for the May 3-5 Spring Maintenance and several Navy Midshipmen will be part of the SAWS crew doing 2-3, week-long work hitches along the Mau-Har trail. The Girl Scouts have arranged their own camping reservations at Sherando while the SAWS crew will establish their usual base camp in the waterfall or Maupin area.

The SAWS hitches will be scheduled after Eric Giebelstein and I scout the Mau-Har trail on May 7. When these dates are certain, I will be seeking TATC volunteers to make a weekend show during each of the hitches.

Here is a listing for your calendar:

Apr 26-28	Trail walk-through. Thirteen sign-ups! Thanks!
May 3-5	Spring Maintenance. Twenty-five so far!
May 7	Mau-Har Assessment
Jun 7-9	Swing Blade #1
Jul 12-14	Swing Blade #2
Aug 16-18	Swing Blade #3

Blazing A New Trail at First Landing State Park

Jean-Paul Richard

When the staff at First Landing State Park decided they needed a new trail to parallel the main access road, they made the right decision and called on Tidewater Appalachian Trail Club members to help.

Margaret Pisone and Ellis Malabad organized a crew of more than 25 willing volunteers, supplemented by a group of REI employees, to blaze a new trail. The effort, accomplished on two brisk midwinter days, consisted of wielding pulaskis, loppers and rakes to clear the trail laid out by the park rangers. The tools available at the park were supplemented with tools from the club's other projects. After those two solid days of concentrated effort, the trail was cleared and ready for final grooming and grading by the park staff. It's open, now ready to be used.

Regular park users have been heard mentioning the new trail in glowing terms and I'm sure it is well appreciated by the staff at the park. Thus, our club is not only continuing to maintain our assigned trail, we are helping expand the enjoyment of the park with a new trail.

Photos Needed for New TATC Publicity Materials

We need photos to develop new publicity materials for TATC; brochures and flyers. This material will be used to promote TATC membership and will be made available at festivals and other large club events. Please email your photos to newsletter@tidewateratc.com by April 25th, 2019. Photos should be at least 1 Megabyte (MB) in size (preferably larger), and if possible, should include pictures of Club Members. If you provide pictures for publicity materials, you are providing your permission for these photos to be published and provided to the public.

Wilderness Skills Institute

<https://wildernessskillsinstitute.org/>

The Wilderness Skills Institute is a training partnership between the Appalachian Trail Conservancy, the United States Forest Service and Southern Appalachian Wilderness Stewards. Started in 2011, the Institute currently features two weeks of training hosted each year in the spring at the Cradle of Forestry facility outside of Brevard, North Carolina on the Pisgah Ranger District of the Pisgah National Forest.

Wilderness work requires a special scope of skills. This program is designed to provide volunteers, agency and partnership staff and others opportunities for growth within these unique skill sets. Each year, courses are selected to provide skills training for all levels of experience, from those new to stewardship to those who have been stewarding wilderness for decades. Training through the Institute is provided for free to accepted students, and free camping is available on site for those wishing to take advantage of the facilities. The Institute an excellent opportunity for connecting with Wilderness stewards across the region both inside and outside of the classroom.

New Class Schedules and Applications for WSI 2019 can be found at:

Wilderness First Aid (WFA) & Cardiopulmonary Resuscitation (CPR) Course

With lots of interest from Clubs and volunteers for another discounted WFA & CPR course taught by Landmark Learning, we're moving forward. The course is on the books and registration is open. Please share with your Club volunteers, especially those folks who are certified sawyers, work trip leaders, etc.

For those of you who are new to WFA courses, here's the lowdown:

- The 16- to 20-hour Wilderness First Aid course is designed to introduce outdoor enthusiasts and individuals working in remote locations to wilderness medicine principles.
- Learn how to improvise equipment, deal with challenging environments, and act with confidence.
- Classroom lectures and demonstrations are combined with realistic scenarios where mock patients will help you integrate your learning.

Course Details

Cost: A.T. Volunteers: WFA & CPR - \$50; WFA - \$38, CPR - \$12 (Course is deeply discounted for A.T. & Club volunteers).
Non-A.T. Volunteers: WFA & CPR - \$221; WFA - \$166, CPR - \$55

Space is limited in this course - there are 30 open spots. Registration will be open to only A.T./Club volunteers until early Feb 2019 – I want to maximize the number of Club participants. If spots are open at the end of January, this course will be opened up to the public to try and fill the class.

Date & Time:

CPR: Friday, April 12, 6-9pm

WFA: Saturday, April 13, 8am-5pm (WFA Day One)

Sunday, April 14, 8am-5pm (WFA Day Two)

Course Address: Volunteer Trail Camp, MRNRA Work Center
609 Flat Ridge Rd, Sugar Grove, VA 24375

Course Logistics:

Food: All participants will be responsible for their own food and meals. Participants will have full access to the camp kitchen – fridges, utensils, pots & pans, stoves, etc., will be available for your meal prep. With up to 30 participants, the kitchen might get busy so be flexible and plan to bring a backpacking stove and a cooler with ice in case there isn't enough fridge space. For folks looking to dine out for dinner, there are several restaurants in Marion, VA – a 20 minute one-way drive away.

Lodging: Participants are invited to use the Camp Pods – uninsulated, and unheated rustic structures that have electricity and light. Participants who use the Pods may have to share the space with another participant. Participants also may bring their tent and set up anywhere on the lawn. For folks not wanting to camp or stay at Camp, there are several hotels/motels in Marion, VA – a 20 minute one-way drive away. Participants may arrive anytime on Friday, April 12.

Other Camp Details

Bathhouses: Two bathhouses are at Camp – one male, one female – that will be available for use. They each have laundry, toilets, and showers.

Pavilion: The pavilion will be used as classroom space during the CPR and WFA courses, but during off hours the pavilion will be available. Pavilion has a pool table, ping-pong table, WIFI, comfy hangout space, woodstove, and tv with DVD's.

*****All Participants Are Responsible for Cleaning Up After Themselves in the Pods, Kitchen, Bathhouses, and Pavilion*****

Chocolate Hike 2019

We had another spectacular day for Chocolate Hike 2019! Though temperatures hovered in the brisk 40s, there was lots of sun and no wind making for a pleasant day to walk, eat chocolate and share time with friends old and new. Hard to believe that this is the 18th year that we have held this tasty trek! Where has the time gone?

With an event that repeats year after year, you always wonder if people will get bored or lose interest. But judging by the 70 or so folks that showed up today, I guess there is still some appeal to this outing! No wonder after seeing the sea of shining happy expectant faces at the start of the hike, hearing the oohs and ahs at all the chocolate treats and watching the satisfied smiles once the sampling had begun.

There were about 2 dozen entries-all of them yummy and over the top. The grand prize winner this year was Gayle for her "Gateau Chocolat aux Framboise". The mixture of tastes and textures in this confection was absolutely delightful! Top awards also went to Carolyn for her "Mascarpone Chocolate Toffee Bars", Rosemary for her "Triple Chocolate Brownies", John for his "Aid to Seduction" (you had to be there), Steve for his Chocolate Babka, James for his "Chocolate Normans", Ryan for his "Chocolate Chip Oatmeal Cookies", Tom for his "All Bark No Bite" (top honors for the best pun), Judy for her "Special K Bars", Faye for her "Truffles", Kathi for her "Rocky Road Love Bites" and the list goes on. I didn't have enough prizes to give out! Every entry was worthy of an award. Many thanks to all who participated. See you next year!

Donate now to help us maintain the Trail in 2019

This year, the Appalachian Trail Conservancy will be working on numerous management projects up and down the Trail with our crews and other partners to protect the incredible natural, scenic, and cultural resources of the A.T. From Trail relocations and rehabilitation to bridge and shelter construction, our work to maintain the last remaining contiguous open space east of the Mississippi—the Wild East—is never done.

But none of this work is done without a cost, and it can cost as much as \$6,000 for one week of repairs on just a short section of the Trail. These expenses make our 2019 Annual Campaign Drive the most critical fundraising effort of the year, and crucial to funding our plans to preserve and protect the Trail this year.

[**DONATE**](#)

How you and other ATC supporters respond today will directly impact what we're able to accomplish this year. Please make a generous, tax-deductible contribution of \$100 or more to our 2019 Annual Campaign today to support the work we do to manage and maintain the A.T. from Georgia to Maine.

We work with the National Park Service, the U.S. Forest Service, and over 30 A.T. maintaining clubs and Trail Crews to tackle large-scale projects to maintain the Trail, its structures, and its natural and cultural resources. With these partners, the ATC ensures that the footpath is kept clear of natural overgrowth and blowdowns, we build and repair shelters and other structures along the Trail, care for overnight sites, and do so much more in the 14 states the Trail traverses.

But to help ensure consistent management practices along the roughly 2,200 miles of the Trail, we need your support. We've set an ambitious goal of raising \$250,000 by April 30 to advance our work in educating people about the importance of the Trail, advocating for its protection, and maintaining its resources so millions can enjoy our beloved Wild East.

Will you make a gift today to our 2019 Annual Campaign and ensure we have the resources required to continue maintaining and preserving this national treasure? As a token of our appreciation, we'll send you an 18x27-inch copy of the official Wild East poster when you donate \$100 or more.

Sincerely,

The ATC Team

TATC General Meeting

When: May 8, 2019, Wednesday, 7:00 PM –8:45 PM

Where: Norfolk Public Library: Mary D Pretlow Anchor Branch, 111 W Ocean View Ave, Norfolk, VA 23503

Contact: Rosanne Cary (president@tidewateratc.com).

Description: Guests are always welcome, so join us for our monthly meeting and see what we're all about. This is a great opportunity to socialize, network and just plain have some fun with folks who love to work and play in the outdoors. You don't have to be a member to attend our meetings or events so no worries. Many join the club as a way of "giving back" in one form or another and we hope you'll be a part of that too. The work we do on the Appalachian Trail and many other trails in the Hampton Roads area comes from a heartfelt desire to be good caretakers of nature. Even if you're not able to physically work the trail, your membership helps to purchase tools and other necessities for this non-profit club to operate. Our club also has a cabin on the Blue Ridge Parkway which is open for rent by club members so that's another great reason to join. See you there! Rosanne Cary, rosanne.cary@gmail.com
